¿WHO ARE WE?

The **Logistics 4.0 Incubator** is a project led by the **CZFB** with the support of the **Incyde Foundation** and **ERDF Funds**.

Our goal is to select the 25 most attractive startups in the logistics world that want to develop their own technology to enter our incubation program.

In it, they will have a budget of between 10.000€ and 30.000€ to carry out their technological innovation in any of the Industry 4.0 technologies, in addition to having mentoring on their business model, their technical/business activity, access to funding sources or access to networking activities, among others.
